

## Vessel Operation Report Monthly Reminder

Vessel Operation Reports (VORs) are due to the Waterborne Data Collection and Management Office of the Waterborne Commerce Statistics Center thirty (30) days after the end of the month. Please send your report (even if you did not operate) either by mail or electronically.

Please submit to:

[VORS@usace.army.mil](mailto:VORS@usace.army.mil)

or by mail to: Department of the Army  
USACE, Institute for Water Resources  
Waterborne Commerce Statistics Center  
P.O. Box 61280  
New Orleans, LA 70161

**Who should report:** "owners, agents, master, and clerks of vessels and other craft plying upon the navigable waters of the United States, and all individuals and corporations engaged in transporting their own goods upon the navigable waters of the United States shall furnish such statements relative to vessels, passengers, freight, and tonnage as may be required by the Secretary of the Army..."

**Why report:** Failure to provide statements required are subject to the fines, but most importantly, we all have an interest in keeping rivers open for commercial transportation.

**How to report:** The tonnages are required to be reported by the shipper via vessel operation reports (VORs). There are 4 ENG Forms available for monthly reporting.

- - [ENG 3925](#): Statement of Freight and Passengers Carried, submitted principally by operators of deep-draft vessels.
- - [ENG 3925B](#): Optional Form for Use by inland and intracoastal operators in lieu of ENG Form 3925.
- - [ENG 3925C](#): For reporting movements of CONTAINERIZED CARGO

If you have further questions on tonnage reporting, please feel free to contact:
